Team #: ___206___   Date: ___2/11/2022___

Questions

Enter comments below. If a team member is absent, fill in their name, and put a line through the answer section.

Name	What have you completed since last meeting?	What are you going to complete today?	What obstacles are in your way?
Yi Ran Li	Set up initial project space and finalized tasks for sprint 1.	Start the actual implementation of our app, i.e., adding views and note class	Think about what properties we might need in the future and whether we should make adjustment for now
Yi Lu	Set up initial project space and finalized tasks for sprint 1.	Start the actual implementation of our app, i.e., adding views and note class	Think about what properties we might need in the future and whether we should make adjustment for now
Mason Ma	Set up initial project space and finalized tasks for sprint 1.	Start the actual implementation of our app, i.e., adding views and note class	Think about what properties we might need in the future and whether we should make adjustment for now
Diane Ding	Set up initial project space and finalized tasks for sprint 1.	Start the actual implementation of our app, i.e., adding views and note class	Think about what properties we might need in the future and whether we should make adjustment for now

Discussion

Is there anything else we should capture from this meeting?
